H.16 QUALIFICATION OF EMPLOYEES

(a) The contractor is responsible for identifying and providing qualified and acceptable personnel in performance of the contract. To meet this requirement, the contractor shall perform routine employee screening prior to employees actually commencing work at any Federal Aviation Administration (FAA) facility designated by the contract. This screening shall at a minimum consist of:

(1) The contractor shall obtain a criminal history report of the prospective employee from the appropriate state authority (state where last employed). Payment of any fees charged for such criminal histories shall be the responsibility of the contractor.

(2) Contractor shall contact prospective employee's previous employer for employment history.

(3) When specific experience/educational requirements are required to perform a task, the contractor shall verify the prospective employee's claims to having the required experience or educational qualifications.

(b) As a result of the screening above, any prospective employee that is found to have a history of unacceptable behavior (see Adjudicative Standards, Section J, Attachment 3), within the nine (9) years prior to beginning performance under this contract shall not be allowed to work on any FAA facility.

(1) Screening is not an "excusable delay" as described in the "Default" clause of this contract.

(c) The Contractor shall retain documentation that the above screening has been accomplished prior to contractor's employees starting performance on site and that the employees have been found to have no unacceptable history. The contractor will make available for FAA review, within 10 working days of written request, its documentation supporting accomplishment of pre-employment screening done on each employee scheduled for performance on FAA facilities. If a contractor employee is later found to be unacceptable after a FAA background investigation, and it is found that the above required screening was not accomplished, the contractor shall be held responsible for the cost of doing a second FAA background investigation to refill the position. The cost of additional FAA background investigations in this case may be deducted from requests for payment under the contract.

(d) The FAA may waive the above-required screening if:

(1) the contractor employee has had a FAA background investigation within the previous five years with uninterrupted employment and performance on a FAA facility with record of acceptable behavior.

(2) the contractor employee has had a FAA background investigation within the previous 12 months with interrupted employment and performance on a FAA facility with record of acceptable behavior.

(e) The contractor may request in writing to the Contracting Officer (CO) a review of a specific employee's history by FAA Servicing Security Element (SSE) if the employee is found unacceptable under paragraph (b) above. Contractor employee shall not start performance on site until a statement of qualification review approved by the FAA SSE responsible for the contract work site is provided to the CO or designated representative.

(f) Notwithstanding the diligent effort on the part of the contractor to provide qualified and acceptable employees for performance of the contract, the CO may, by written notice, require removal from contract work those employees who have been deemed incompetent, careless, dangerous, unsuitable or otherwise objectionable, those employees determined in violation of Voluntary Separation Incentive Program (a Federal Retirement Buyout Program), or whose continued presence on Government property is deemed contrary to the public interest or inconsistent with actual or apparent Government policies. The Contractor shall fill out, and cause each of its employees on the contract to fill out, for submission to the Government, such forms as may be necessary for security or other reasons relating to qualifications and suitability for contract work. Upon request of the CO, the Contractor's employees shall be fingerprinted.
